The Treasure Chest

Bobby was moving very slowly as it was dark inside the cave. It was a good thing he had his torch with him. He lit his torch to show himself the way. His dog, Timmy

was walking very near to him. Timmy was frightened.

There was a long narrow passage in front of them and Bobby saw something gleaming brightly in the light of his torch. "What's that?" he wondered. He began to walk quicker than before so he could reach the end of the passage and see what awaits them.

"Oh my Gosh!" exclaimed Bobby out aloud, "I have never seen so much treasure before".

There lay in front of him a huge treasure chest full of gold coins, cups and other precious ornaments.
