Answer Sheet (Answers will vary but should be highly descriptive. Answers given are samples only.)

1. A sunset

   The bright gold, orange, and red colors took over the darkening sky as the sun set in the distance. The bright orange ball that was the sun started to dip lower in the sky as night took over. The sunset was complete in only a matter of minutes, but the moment seemed to last forever.

2. The ocean

   The ocean was as long and wide as anyone could imagine. The smell of the salty air filled my nose as we walked in the squishy, warm sand with water touching our toes. The waves fell on the sand, rock, and shells with a splash over and over again.

3. The perfect bedroom

   Everyone has a different style, but my perfect bedroom would be painted in my favorite color, purple. There would be horse paintings on the walls and a window that overlooked the stables where all the horses could be watched any time I wanted. It would have a huge bed with fluffy pillows and a desk where I could draw and write.

4. My favorite food

   My favorite food is simple, but tasty. My favorite food is macaroni and cheese. I love the smell as it comes out of the oven. The best macaroni and cheese is made by my mother and is so cheesy there are strings of melted cheese as you pull it from the pan. I could eat a whole plate full if allowed.
